Yes. A Member's gift to another member... perhaps a grandparents' gift to a new grandchild. Recipient not a Member? Open a trust account for them and set up the term deposit.

Can I get the interest before the end of the year?

Yes. Diamond Members (age 60 and over) can choose to have interest paid monthly into their chequing or savings accounts.

Are there any terms of less than 1 year?

Yes. For larger sums of money (over \$50,000), shorter terms are available. Ask your Member Service Representative for details.

How can I make sure not to miss a contribution?

It's easy! Just ask your Member Service Representative to set up an automatic funds transfer from your chequing account. That way, you'll never miss, even on weekends and holidays.

Can my business or organization get a term deposit?

Certainly. A term deposit is one of the best ways to safely set aside money not needed for current operations. It earns interest for your business or organization, risk-free.

How often can I find out how much my term deposit has grown?

Details about your term deposit, including its current value, are included in your regular statement. They are sent out monthly if you have a chequing account, quarterly if you have a savings account only. Of course you can also visit your branch, where a Member Service Representative can give you full details. Or, if you have signed on to Internet banking, you can view them at www.wainwright-cu.com, selecting “online banking”.
